

SIU Registrar's Office

Applying to Graduate:

Most students can apply to graduate online within SalukiNet. After signing into SalukiNet, go to the Registrar -- Academic Records & Graduation task center, then launch the *Submit Your Graduation Application Online* task to get started.

To assist you in this graduation application process within SalukiNet, we have detailed instructions available at <http://registrar.siu.edu/pdf/ApplyToGraduate.pdf>.

During this application process, you will need to make a pre-payment of the graduation application fee with a valid credit or debit card (from Visa, Master Card, American Express, or Discover). An application to graduate can **not** be processed without this non-refundable graduation application fee.

If you are unable to pay online with a credit or debit card, or if you are otherwise unable to use the online application, you may instead use one of the following paper applications to which you will need to attach a check or money order as noted on the paper application:

For *Undergraduate* students <http://registrar.siu.edu/pdf/GraduationApplicationPaper.pdf>

For *Graduate* students http://gradschool.siu.edu/common/documents/graduation_app.pdf

For *Law* students <http://law.siu.edu/common/documents/graduation-application.pdf>

All applications, whether online or on paper, **must** include the appropriate form of pre-payment (credit/debit card for online applications, check/money order for paper applications) along with the application itself.

Graduation application deadline dates – along with other dates and deadlines related to the graduation process – are noted in the calendar available at <http://registrar.siu.edu/calendars/graduation.php>.

More information about graduation may be found at <http://registrar.siu.edu/students/graduation.php>. More information about the Commencement ceremonies that are held in May and December may be found at <http://commencement.siu.edu/>.
