**NOTES:**  
- Percents are cumulative rather than annual percents.  
- Each graduation year contains all recorded graduations of students in a graduation year of December, May, and August. Each cohort consists of all new full-time freshmen entering SIU Carbondale in the respective summer and continuing into fall, or entering in that fall semester for the first time. On-campus only degree-seeking students are included in each cohort. All 10th-day cohorts were tracked through 10th day of Fall Semester 2013, and the status of the student is recorded each fall semester following the fall semester the student entered as a new freshman: did the student graduate, is the student still persisting, or is the student a non-persister. Continued to 2nd Year, 3rd Year, etc. is defined as a student who returns for the Fall semester of that year. The cohort headcount for new, full-time freshmen will not match Fact Book Table 2 because Table 2 includes associate degree-seeking and off-campus students as well as baccalaureate degree-seeking students.
