2010 SPRING SEMESTER FINAL EXAMINATION SCHEDULE INFORMATION

The examination schedule attempts to avoid examination conflicts by providing separate examination periods for Tuesday-Thursday lecture classes. Other information about final examinations is listed below:

1. The class final exam period is scheduled based on the meeting time and days configuration listed on the first line of the class entry of the on-line Schedule of Classes (which should be the same as the first printed line for the section on the registered student's schedule print-out). For example, a class section is listed in the Schedule on two lines in the manner:

08:00 – 08:50 T R
09:00 - 10:50 W

The listed starting time for the first line of the entry is "08:00". The meeting days of that first line are "T R", and therefore are in the category "Begins with a T or R ". The Exam Date and Period is by the attached Spring 2010 Final Examination Schedule to be Tuesday, May 11 at 07:50 - 09:50a.m.

2. Classes should plan to hold their final examination in their regularly scheduled classrooms. The space scheduling section of the Office of the Registrar will forward to departments information relative to the location for examinations for those classes that cannot hold their examinations in their regularly scheduled rooms because of a space conflict. This will be done sufficiently in advance of the final examination days to provide adequate notice for all.

Classes that meet less than the entire semester should hold their exams during the last regular class session prior to final examinations.

It is a policy of the University that no final examination be given prior to the scheduled final examination period, and that students be given their examinations at the designated times. Any deviation from this policy must be approved by the Dean of the College.

3. Students who find they have more than three examinations on one day may petition, and students who have two examinations scheduled at one time should petition their academic dean for approval to take an examination during the make-up examination period on the last day. Provision for such a make-up examination period does not mean that students may decide to miss the scheduled examination time and expect to make it up during this make-up period. This period is to be used only for students whose petitions have been approved by their dean.

4. Students who must miss a final examination may not take an examination before the time scheduled for the class examination. Information relative to the proper grade to be given students who miss a final examination and are not involved in a situation covered in the preceding paragraph will be found in the memorandum forwarded to members of the instructional staff at the time they receive the final grade listing for the recording of grades.

5. Individualized Learning Program examinations will be administered at the Division of Continuing Education. Students wishing to sit for an exam must contact the Division of Continuing Education at Washington Square C (536-7751) at least three days in advance in order to reserve a time-slot.

7. One credit hour courses and classes that meet for less than the full semester should hold their examinations during the last regularly scheduled class period prior to the formal final examination week.

8. Other classes (not those for 1 credit)
