The advisement calendar varies by academic unit. Many units make appointments before dates registration can be processed. Check with your unit.

Registration Calendar

REGISTRATION DATES

Registration,

Tuesday, October 16 through Friday, January 11

Program changes may be processed during the registration period.

On-campus students will receive a statement of tuition and fees due by mail before the tuition and fee payment deadline. All students are responsible for having accurate billing, local, and permanent addresses on file.

Tuition and Fee Deadline,

Thursday, January 10

Students who have registered have two options for the payment of tuition and fees: they may make payment in full or make an install payment by paying Minimum Amount Due by the deadline above. However, students owing a balance of \$500 or less will be allowed to register. See Installment Payment Plans.

LATE REGISTRATION PERIOD

Late Registration,

Monday, January 14 through Friday, January 18

Students who register for on-campus classes after Friday, January 11, will be assessed a \$15 Late Registration Fee. See also the section below entitled Late Registration Fee.

Last Day to Register,

Friday, January 18

Friday, January 18, is the last day to register for a course without approval from the dean. Students may register for a concentrated course (section number range 250–699) through the first date the course meets. Dean's permission is required after the first day.

Late Registration Fee

Students who register for regular semester-length classes (Section Number 000 and ranges 001–199) after Friday, January 11 and those students who register for shorter-than-semester-length classes, including intersession classes (Section 201–699), after the first listed meeting day of the class will be assessed a late registration fee of \$15.

The fee is non-refundable and non-waivable unless it can be clearly shown that the late registration was caused by faculty or administrative action. Off-campus classes (Section 800–899) and registration in course numbers 599, 600, 601 and 699 are exempt from this fee.

PROGRAM CHANGES

Program changes may be processed from the beginning of the registration period through the first week of classes.

Last Day to Add a Class or Section, Friday, January 18

After Friday, January 18 the dean's permission will be needed for making a program change in which a course is added or a section changed.

Students adding a concentrated course (Section number range 201–699) that begins after January 18 may add through the first day the course meets. Dean's permission is required for adding after the first day the course meets.

@ Students are given until Monday of the 9th week to drop a semester-length course (first day of the fifth week in summer).

* Exceptions to the section-number range scheme are courses which frequently have an offering of more than 100 different sections that meet for the full 16 weeks.

** Students must drop a course or withdraw from the University by these deadlines to receive an account credit equal to a full refund of tuition and fees. Students who drop courses after the full refund deadline but remain enrolled in the University will not receive any refund. Students who withdraw from the University after the full refund period will receive an account credit equal to a pro-rata refund of tuition and fees through 60 percent of the duration of the enrollment period. An administrative fee will be assessed to all students who withdraw from the University and receive a pro-rata refund. The amount of the fee will be the lesser of 5 percent of all assessed charges, or \$100. See also Tuition and Fee Refund Policy and Procedures.

*** Students withdrawing from the University or dropping a course after this date will have a "W" grade posted to their records. Undergraduate students who do not officially withdraw or drop but who stop attending, may be awarded a "WF" grade which will count as an "F" in undergraduate GPA calculations. Graduate students will be awarded a "WU" grade that will not count in their GPA.

NOTE: Receipt of "WF" or "WU" grades can affect Financial Aid eligibility, and may result in request for re-payment.

**** Off-Campus sections (not Military Programs) have the same relative deadline dates as On-Campus sections, based on the scheduled meeting dates of the section.

Individualized learning sections are considered the same as full semester-length classes, with deadlines beginning the date the student registers for the class. NOTE: ILP students who seek to drop an individualized learning class after the calculated deadline to drop without receiving a grade, may have that drop result in the deletion of that class enrollment from their record. Where the instructor certifies the student has not completed more than a certain percentage of the work required for the class, as determined by the Registration Office, the drop may be treated in the same fashion as a drop processed within the semester's 100% refund period. That condition may thus change the student's enrollment status for that semester, and could result in the removal of financial aid eligibility for that semester. Removal of financial aid eligibility will in most cases require the student to pay back all financial aid monies received for the semester in question. See also Individualized Learning courses.
