

The New SalukiNet Portal

<http://salukinet.siu.edu/>

Available to students from any computer with Internet access using a recent Web browser (e.g., IE, Firefox, Safari, Opera, etc.).

> To see your SIUC student records on SalukiNet, you will need to log into the SalukiNet portal page by entering the information requested: current students enter their Network ID and password, future and former students enter their 9-digit DAWG Tag and their 4-digit PIN. *New students are assigned a PIN and should be informed of it in writing at the time of admission or registration. More info on PINs and DAWG Tags (and problems with them) can be found at <http://registrar.siu.edu/salukinet/dawgtag.htm>.*

> SalukiNet's student records section is normally available around the clock 7 days a week, except for Sunday mornings. Exact hours can be found at <http://registrar.siu.edu/salukinet/salukinethoursupdate.htm>.

> For security purposes, current students will be prompted to change their Network ID's password every 120 days.

Under the **MyRecords** tab, in the **Your Personal Records** channel, click **View Now** for the following:

- **Personal Profile** menu:
 - Address** ... review and/or modify the main postal addresses we have on file for you

 - Earnings** ... earnings statement for your student employment
 - Student Employment Referral** ... obtain a student employment referral
- **Debit Dawg** menu:
 - Account Balance** ... review your Debit Dawg account balance
 - Activate/Deactivate ID** ... activate/deactivate your ID card if it is lost or stolen
 - Deposit Cash by Credit Card** ... deposit cash into your account using a credit card

The above information is current as of 8/15/2008. Additional information can be found at <http://registrar.siu.edu/salukinet/>.

Note: A new campus Web portal is in the process of being rolled out in stages during the 2008-2009 academic year, and it will include links to the above student records information (housed in our legacy SIS system), as well as links to student records information housed in our new ERP SIS system. (At some point all appropriate electronic student records information will be housed in our new ERP SIS system.) More information about this new Web portal will be made available as its components are rolled out.
